1. CREATING THE SOUND IN YOU

Vocal Training CD MP3 Download

My “Creating the Sound in You” Vocal Training CD mp3 is exactly what you need to get your voice moving and keep you on track.

Included on the CD is warm-up exercises, a track to help you find your specific vocal range, an exercise to combat neck muscle strain and voice tightness, techniques to expand your vocal range and rid you of sounding monotone, increase power and stamina, and improve your ability to smoothly transition between low and high notes seamlessly. Included are piano tracks that

are free from background instruction allowing you to use whatever track you prefer with whatever exercise you choose. You will also learn how to better identify problem areas such as using your voice out of your natural range, hit high notes easily, use your voice with warmth and character, step out of your comfort zone by adding vibrato, and much more.

The "information tracks" with must know information alone are worth their weight in gold!

The combination of easy to do exercises and information tracks help you get results and move you to the next level. It is a must have for anyone wanting to use their voice in an easier and better sounding way.

“I appreciate having your CD. Yours is the best one I have ever used. It is a treasure as I have moved out of the country and I will not be able to take lessons for a while. Thank you so much!”

Rubin Rivera Rodeo

*****Rubin was assigned to serve in the military in Iran. I’m honored that my vocal training CD will be there to help him continue to pursue his love of singing.***

“Your explanation as to how vibrato is developed is the most logical one I have been given. I need a bit more help. Your CD will do the trick.”

Robert Spadafora, Musician
